## PIZZA DELIVERY - INTERACTIVE FICTION

V0.2

JUNE 2013

\*\*\*\*\*

CREATED BY SHAHABAZ KHAN

SHAHABAZ KHAN PRODUCTIONS 2013

////////UPDATE V0.2////////

- Changed the house
- Changed the plot
- Included a lot of models.
- Bug fixes? This is a totally different game than last version (hopefully with new bugs).  
So bug fixes are expected to be on the next version!

//////// INSTALLATION //////////

Unzip the downloaded file to a folder of your choice (e.g.: D/Games/). Double click the icon, choose your desired screen resolution and quality and start playing right away. No additional installation steps required.

//////// PC REQUIREMENTS //////////

At least 150mb disk space

Intel core i3 (or similar) and up

GPU 1GB

RAM 2GB

Windows7/xp/vista or Mac Operating systems

//////// HELP & CONTACT////////

WASD to move, mouse to look around and interaction is automatic (contact to interact). Any queries? Post a comment in indiedb (<http://www.indiedb.com/games/pizza-delivery-v02->

[interactive-fiction](#)) or comment in my blog (<http://sakproductions.blogspot.in/>). Or even e-mail to [sakproductions@rediffmail.com](mailto:sakproductions@rediffmail.com).

//////// ABOUT THE GAME //////////

You play as a pizza delivery boy. You are almost done delivering the pizzas for the day as you run into the last house in the list. Your mission is to deliver the pizza, get the money, and get going on your merry way.

The game is still under development, lot of things will hopefully be added to it in the future.

//////// ITS FREE //////////

THIS VERSION OF PIZZA DELIVERY IS FREE AND IF YOU PAID ANY MONEY TO GET THIS, WELL, YOU'VE BEEN TROLLED!

//////// CREDITS //////////

Created By Shahabaz Khan Productions

Programmer : Shahabaz Khan

Inspired from "Pizza" the Tamil movie

Audio : freesound

Models : Trimble, Mixamo, Unity

Suicide note : 11linda (free sound)

Night Break (as Achluophobia music) by Kevin MacLeod ([incompetech.com](http://incompetech.com))
